ROAD SAFETY

ALWAYS WEAR YOUR SEAT-BELT

Make sure you're belted up at all times, even if you're in the rear seat. This will not only save you from fines but will even keep you protected.

AVOID DISTRACTIONS

Distracted driving is among the major causes of accidents. Hence, one should avoid taking phone calls while driving. Basically, a driver should stay fully focused on road at all times.

ALWAYS WEAR YOUR SEAT-BELT

Never ever drive under the influence of alcohol or any sort of intoxicating substance. Doing so can lead you to lose control while driving and end up in a mishap. It's also illegal to drive drunk or in an intoxicated state.

ALWAYS RESPECT THE SPEED LIMITS

as driving at higher speeds can land you with a challon and worst, still, cause an accident.

MAINTAIN YOUR CAR

One should always maintain his car to ensure high road safety as driving an ill maintained vehicle can cause an accident, thereby causing injury to you as well as other road users.
