PRINCIPLES AND POLICY ON CREDIT CONTROL AND DEBT COLLECTION

2011 - 2012

**BELA BELA LOCAL MUNICIPALITY
CREDIT CONTROL AND DEBT COLLECTION POLICY**

1. BACKGROUND

1.1 Legal Framework

1.1.1 This policy has been compiled in accordance with the Local Government- Municipal Systems Amendment Act (MSA), 2003, Act No 44 of 2003. The Council of the municipality, in adopting this policy on Credit Control and Debt Collection, recognizes its constitutional obligations as set out in Chapter 7 of the Constitution and Chapter 9 of the Municipal Systems Act, No 44 of 2003, to develop the local economy and to provide acceptable services to its residents. It simultaneously acknowledges that it cannot fulfill these constitutional obligations unless it exacts payment for the services which it provides and for the taxes which it legitimately levies in full from those residents who can afford to pay, and in accordance with its indigent relief measures for those who have registered as indigents in terms of the Council approved indigent management policy.

1.2 Provision of Services

1.2.1 The Municipal Council must give priority to the basic needs of the community, promote the social and economical development of the community and ensure that all residents and communities in the municipality have access to at least the minimum level of basic municipal services in terms of section 152 (1) (b) and 153 (a) of the Constitution.

1.2.2 In terms of the MSA the municipal services provided to residents and communities in the Municipality must:-

- be within the municipality's financial and administrative capacity;
- be provided in a manner that –
 - is fair and equitable to all its residents and communities;
 - ensures the highest quality service at the lowest cost and the most economical use and allocation of available resources; and
 - is financially and environmentally sustainable; and
- regularly be reviewed with a view to upgrading, extension and improvement.

1.2.3 According to the MSA the phrase "financial sustainable", in relation to the performance of a municipal service, means the performance of a municipal service in a manner that:-

- is likely to ensure that revenues from that service are sufficient to cover the cost of –

- operating the service; and
- maintaining, repairing and replacing the physical assets used in the performance of service;
- is likely to ensure –
 - a reasonable surplus in the case of a service performed by the Municipality itself;
 - a reasonable profit, in the case of a service performed by a service provider, other than the Municipality itself;
- is likely to enable the Municipality or other service provider to obtain sufficient capital requirements for the performance of the service; and
- takes account of the current and anticipated future –
 - level and quality of that service;
 - demand for the service; and
 - ability and willingness of residents to pay for the service.

1.3 Credit Control and Debt Collection

1.3.1 The Municipal Council must ensure that all money that is due and payable to the Municipality is collected, subject to the provisions of the MSA.

1.3.2 For this purpose the Municipal Council must adopt, maintain and implement a credit control and debt collection policy consistent with its rates and tariff policies and complying with the provisions of the MSA.

1.3.3 The credit control and debt collection policy may differentiate between different categories of ratepayers, users of services, debtors, taxes, services, service standards and other matters as long as the differentiation does not amount to unfair discrimination.

1.3.4 The Municipal Council must adopt by-laws to give effect to its credit control and debt collection policy, its implementation and enforcement.

2. PURPOSE OF THE POLICY

- 4.14.1 A dispute must be submitted in writing to the Municipal Manager prior to the final due date for payment of the contested amount. Such dispute must contain details of the specific item(s) on the account, which are subject to dispute with full reasons.

4.15 Full and Final Settlement of an Amount

- 4.15.1 Where the exact amount due and payable to the Municipality has not been paid in full, any lesser amount tendered to and accepted by a municipal employee, except the Chief Financial Officer and/or his/her fully authorised delegate, shall not be deemed to be in final settlement of such an amount.
- 4.15.2 The Chief Financial Officer shall be at liberty to appropriate monies received in respect of any of its municipal services it deems fit.
- 4.15.3 The provisions above shall prevail notwithstanding the fact that such lesser payment was tendered and/or accepted in full settlement.
- 4.15.4 The Chief Financial Officer and/or his/her delegate shall consent to the acceptance of such a lesser amount in writing.

4.16 Arrangements to Pay Outstanding and Due Amount in Consecutive Installments

4.16.1 One of the key objectives of debt collection is to encourage debtors to start paying their monthly accounts in full. In addition it is also necessary to ensure that arrear debt is addressed. The current average balances on consumer accounts necessitates that innovative ideas be implemented to encourage consumers to pay off their arrears. At the same time it is also of utmost importance that regular payers not be discouraged through the implementation of any possible incentives.

4.16.2 The main aim of an agreement will be to promote full payment of the current account and to address the arrears on a consistent basis. A debtor may enter into a written agreement with the Municipality to repay any outstanding and due amount to the Municipality under the following conditions:-

- ❑ The outstanding balance, costs and any interest thereon shall be paid in regular and consecutive monthly instalments;
- ❑ The current monthly amount must be paid in full; and
- ❑ The written agreement has to be signed on behalf of the Municipality by a duly authorised officer.

4.16.3 In order to determine monthly instalments, a comprehensive statement of assets and liabilities of the debtor must be compiled by a credit control official.

- Firstly, to ensure the continuous payment of such arrangement the amount determined must be affordable to the consumer, taking into account that payment of the monthly current account is a prerequisite for concluding an arrangement.
- Secondly, the outstanding amount must be taken into consideration when an agreement is entered into. A minimum amount, based on the outstanding arrears amount on the account need to be paid on signature of the agreement.
- Agreement of payment of the outstanding amount within 6 months will be regarded as an interest free arrangement.
- The maximum agreement period may not exceed 60 months (5years) - also refer point 8 in the Credit Control and Debt Collection Regulations for outstanding amounts
- Pre-paid electricity to a maximum value of 10% of the value of a payment on their debtor's account can be sold to a debtor if he/she has made a payment on their arrear amount and an agreement doesn't exist and the current account has been paid.

4.17 Interest on Arrears

4.17.1 Implementation of the following principles could also enhance the success of debt collection to a great extent:-

- ❑ Levying of interest on arrear accounts should be immediately suspended upon completion of a debt agreement.
- ❑ Maximum period for extension of payment, on which no interest is levied, must be limited to six months or a period to the discretion of the CFO.
- ❑ However, in case of defaulting the suspended amount will be reversed and interest will again be levied from date of default.
- ❑ Levying of interest be suspended when an account has been closed

4.18 Reconnection of Services

The Chief Financial Officer shall authorise the reconnection of services or reinstatement of service delivery only after satisfactory payment has been made according to the Municipality's Credit Control Policy.

4.19 Deductions from Salaries and Allowances

It is the policy of Council that Councillors and officials will set an example to the community. In this regard, Councillors must sign a debit order against their allowances and officials against their salaries for the monthly payment of consumer accounts. When a councillor and official leave the employment of the municipality, all outstanding debts and deposit will be deducted from their salary/leave day's credit

5. PERSONNEL AND FINANCIAL IMPLICATIONS

5.1 Where a credit control and debt collection function does not exist, this implies that a dedicated structure be established with a credit control officer in charge. In view of the fact that credit control and debt collection must always be able to operate in isolation to any customer management service, it is imperative that a staff establishment for this function be implemented.

5.2 The establishment of a credit control and debt collection division will have to be financed from the operating budget, which will have an incremental impact on the budget. However, this will be offset by improved cash inflow as a result of an efficient collection system.

6. FRAUD, TAMPERING AND OTHER CRIMINAL ACTIVITY

6.1 If a consumer is being suspected to tamper with any water or electricity meter or deals with the electricity in any manner which the Municipality has reasonable grounds for believing interferes in an improper or unsafe manner or is calculated to interfere in an improper or unsafe manner with the efficient supply of electricity to any other consumer, the Municipality may, with or without

notice, disconnect the electricity supply but such supply shall be restored as soon as the cause for the disconnection has been permanently remedied or removed. The fee as prescribed by the Municipality for the Tampering of Meters and the costs involve to replace a meter as well as the average consumption for the period of the tampering, shall be paid by the consumer before the electricity supply is restored, unless it can be shown that the consumer did not use or deal with the electricity in an improper or unsafe manner.

- 6.2 Any person, who undertakes or allow or causes any other person to undertake an illegal connection, will be guilty of an offence.
- 6.3 A customer who becomes aware of an illegal connection of the water and electricity supply to a property or premises owned by or occupied by such or another customer, must immediately notify the Council thereof his/her identity will be protected, a compensation of R250 will be offered upon verification of the claim by the Manager Technical Service.
- 6.4 Council will immediately disconnect any illegal connection and remove any wiring, piping or other equipment or installation relating to an illegal connection.
- 6.5 The Municipality may not interfere where criminal activity is evident. The legal penalties and criminal justice system may not be subject to conflicting resolutions by the municipality. All such cases must be prosecuted to the fullest extent of the law.
- 6.5 Municipality may not supply water or electricity to a customer who is found guilty of/or if it is admitted that fraud, theft or any other criminal action involving the use of these services existed, until the total costs, penalties, other fees and tariffs and rates due to the municipality have been paid in full.

7. AGENTS, ATTORNEYS AND OTHER COLLECTION AGENTS

- 7.1 All external agents acting on behalf of the Municipality are to be named, together with their details and contact information. Likewise, all agents are to be supplied with a copy of the credit control measures.
- 7.2 Clear instructions to agents and other arrangements must be explained for the customers' benefit. Under no circumstances may agents negotiate terms, extend payment periods or accept cash on behalf of municipality, unless specifically instructed in writing to do so. The agent, on request by consumers, must produce this instruction.
- 7.3 The costs to the Municipality and to the debtor must be detailed for each stage of the credit control measures and for all possible actions. The liability for the costs of legal action and other credit control actions must as far as is legally possible be for the account of the debtor.

8. CREDIT CONTROL POLICY TO BE APPLIED FOR INDIGENT HOUSEHOLDS

8.1 Introduction

8.1.1 The key purpose of an indigent subsidy policy is to ensure that households with no or lower income are not denied a reasonable service, and on the contrary the local authority is not financially burdened with non-payment of services.

8.1.2 Provided that grants are received and funds are available, the indigent subsidy policy should remain intact.

8.1.3 To achieve the purpose it is important to set a fair threshold level, and then to provide a fair subsidy of tariffs. The consumer, in order to qualify for indigence, needs to complete the necessary documentation as required.

8.2 Aims of the Policy

8.2.1 The credit control policy aims to achieve the following:-

- To distinguish between those who can and cannot genuinely pay for services;
- To get those who cannot pay to register with the municipality so that they could be given subsidies;
- To enable the municipality to determine and identify defaulters to ensure appropriate credit control procedures;
- To establish an indigence directory of all persons who comply with the policy.

8.3 Obligation to Pay

It is important to note that the subsidy received may not cover the full account. In such event the consumer is still responsible for the balance between the full account and the subsidy received. Where applicable, credit control must still be applied for these outstanding amounts.

9. DEBT COLLECTION

9.1 Abandonment of Claims

The Municipal Manager must ensure that all avenues are utilised to collect the municipality's debt.

There are certain circumstances that allow for the valid termination of debt collection procedures as contemplated in section 109(2) of the Systems Act, such as:-

- The insolvency of the debtor, whose estate has insufficient funds.
- A balance being too small to recover, for economic reasons considering the cost of recovery
- Indigent household who have no assets which can be sold for recovery of debt to municipality
- Any debtors' account whose cost to recover is more than the assets of that debtor
- A deceased debtor who has no assets to recover the debt

Where Council deems that a customer or groups of customers are unable to pay for services rendered. The municipality will maintain audit trails in such an instance, and document the reasons for the abandonment of the action or claim in respect of the debt.

9.2 Writing off Bad Debt

Council must appoint a committee in terms of its delegations to review and recommend to Council to approve all bad debt write off cases.

10. IMPLEMENTATION AND REVIEW OF THIS POLICY

10.1 This policy shall be implemented once approved by Council. All future credit control and debt collection measures must be taken in accordance with this policy.

10.2 In terms of section 17(1) (e) of the MFMA this policy must be reviewed on annual basis and the reviewed policy tabled to Council for approval as part of the budget process.

CREDIT CONTROL AND DEBT COLLECTION REGULATIONS FOR ANY OUTSTANDING AMOUNTS

Where consumers fail to pay their municipal accounts by the due date stipulated on the account, the following actions will be taken.

The final notice/ account will contain that the client may arrange to pay the outstanding balance in terms of the Credit Control Policy.
