# **BELA BELA LOCAL MUNICIPALITY**

## **MID YEAR PERFORMANCE ASSESSMENT 2012/2013**

FOR THE PERIOD

1 JULY 2012 TO 31 DECEMBER 2012

## 1 INTRODUCTION

- 1.1 In terms of Section 72. (1) of the Local Government: Municipal Finance Management Act, 2003 (Act 56 of 2003) (hereinafter referred to as the MFMA), the accounting officer of a municipality must by 25 January of each year-
  - (a) Assess the performance of the municipality during the first half of the financial year, taking into account-
  - (i) The monthly statements referred to in section 71 for the first half of the financial year;
  - (ii) The municipality's service delivery performance during the first half of the financial year, and the service delivery targets and performance indicators set in the service delivery and budget implementation plan;
  - (iii) The past year's annual report, and progress on resolving problems identified in the annual report; and
  - (iv) the performance of every municipal entity under the sole or shared control of the municipality, taking into account reports in terms of section 88 from any such entities; and
  - (b) submit a report on such assessment to-
  - (i) the mayor of the municipality;

(ii)	the National Treasury	y; and
------	-----------------------	--------

- (iii) the relevant provincial treasury.
- 1.2 In terms of section 72(3), the accounting officer must, as part of the review -
  - (a) Make recommendations as to whether an adjustment budget is necessary; and
  - (b) Recommend revised projections for revenue and expenditure to the extent this may be necessary.
- 1.3 Thereafter, the mayor must, in terms of Section 54. (1)-
  - (a) Consider the report;
  - (b) Check whether the municipality's approved budget is implemented in accordance with the service delivery and budget implementation plan;
  - (c) Consider and, if necessary, make any revisions to the service delivery and budget implementation plan, provided that revisions to the service delivery targets and performance indicators in the plan may only be made with the approval of the council following approval of an adjustments budget;
  - (d) Issue any appropriate instructions to the accounting officer to ensure-

- (i) That the budget is implemented in accordance with the service delivery and budget implementation plan; and
- (ii) That spending of funds and revenue collection proceed in accordance with the budget;
- (e) Identify any financial problems facing the municipality, including any emerging or impending financial problems; and
- (f) Submit the report to the council by 31 January of each year.

## 2 EXECUTIVE SUMMARY

2.1 The Bela Bela Local Municipality approved 2012-13 Service Delivery and Budget Implementation Plan on the 16 July 2012. Quarter 1 evaluations through the Sub-Committees and Executive Committee continued in October 2012 with Quarter 2 evaluations being finalized in January 2013. The Midyear assessment is therefore based on the revised service delivery and budget implementation plans for the period 1 July 2012 to 31 December 2012 and preliminary revenues/expenditure of the departments.

## Actual revenue to date per revenue sources is as follows:

### Water services:

• Amount received is more with 31.66% of the anticipated budget revenue for water services.

## Electricity:

• Amount received is more with 0.26% of the anticipated budget revenue for electricity services.

### Sanitation:

• Amount received is less with 4.82% of the anticipated budget revenue for sanitation.

### Waste removal:

• Amount received is less with 8.62% of the anticipated budget revenue for waste removal.

#### Assessment rates:

• Amount received is less with 4.8% of the anticipated budget revenue for assessment rates (property rates charged).

### Other services charges:

• Amount received is less than the anticipated budget amount with 29.54%.

### Others:

• We have received 20.61% less than anticipated on the traffic fines, 2.53% more than anticipated on licenses and 38.57% less than anticipated on rental of facilities and equipment.

The executive summary of the quarterly report on the implementation of the budget and financial affairs for the municipality per department is as follows:

### **Budget and Treasury Office:**

• The 2011/2012 Annual Financial Statements were not submitted to the office of the Auditor General within the stipulated timeframe and delayed the Audit Process which is currently underway.

The financial statements were submitted after 31 August 2012 due to the following reasons:

- The municipality converted from Sebata financial management system to Munsoft as from 01 December 2011. The Sebata closing balances and MunSoft opening balances did not agree, so reconciliation was undertaken with the assistance of MunSoft. As a result of the above there were uncleared transactions in the bank reconciliation.
- The asset register had to be revised due to unbundling exercise and the additions in the current year were understated.
- Recalculation of depreciation and inclusion of Work-in-progress on the asset register.
- Control accounts were not balancing due to incorrect settings in the financial system.
- Signed copies of Incomplete Section 71/2 reports were submitted to the relevant authorities (Bank recon not done).
- 82.1% of creditors were paid within the stipulated 30 days of receipt of invoice by the Budget and Treasury staff.
- The outstanding debtors have increased by 23% (or R1212 million) compared to 2010/11.
- Payment rate on current account is at 60%.

## **Planning and Economic Development:**

- 28 Building plans received, 17 plans approved, total square-meters is 4965,83 m<sup>2</sup>, total fee R26'209-69 and total valuation of R22'346'235.00
- 1 application for Rezoning on Portion 53 (a portion of portion 10) of the farm Bospoort 450 K.R from Agricultural to Special was finalized
- 9 applications for Written Consent received in this Quarter.
- 1 application for subdivision of Plot 68 Noodhulp 492 K.R was received and processed in this quarter.
- A successful Triathlon Sporting Event was held on the 25<sup>th</sup> August 2012 at Forever Resort and the event was televised live on Supersport 1
- Expo was held from the 21-23 September 2012 at Mbizi Caravan Lodge with the aim of promoting outdoor camping
- Held a Caribbean Style Mas Feeva on the 1st December 2012

- Process plan was developed and presented to relevant committees and council, and the analysis phase of the IDP is completed.
- Annual Performance Report was compiled and submitted to the Auditor General during August 2012 in line with legislation.
- The draft 2011/12 Annual Report is in place and ready for submission to council before end of January as prescribed by legislation.
- All quarterly performance report and other service delivery related reports are consolidated and submitted to relevant authority as and when required.
- The IDP process is slightly behind schedule as per the process plan, however the programme will be amended and the process fast-tracked to be finalized before the end of the Financial Year.

### **Technical Services:**

- Processed 10 application of new connections to the approved developments
- 35 pre- paid meters were replaced In Town and Township.
- 8 transformer were replaced at Noodhulp and Rooderpoort plot
- Potholes were patched at Chris hani intersection with Minaar and Forever Resort, Lunna, Hospital, Grobler, Robertson, Krechmallan, Vanstarden, Sutter ,Ludorf, miles, Park and Rooibos. 27,5 tons of cold premix and 32,5 tons of hot premix were used to patch potholes.
- 1.5km was regravelled in this current quarter.
- 11.8km was graded at ext 6, ext 5, ext 7, ext 8, Rapotokwane and Pinaarsriver
- 2.8km of paved streets have been cleaned at Miles str and Mothokoa str.
- 18 x storm water catch inlerts were cleaned at Corner Lebodi and Motsisi, Corner Lebodi and Ngobeni, Corner Lebodi and Maseko, Corner Lebodi and Malebye Corner Lebodi and Ngoatle Corner Lebodi and Sekombane, Corner Lebodi and Khota, and Corner Khota and Selamolela str. Contractor to be appointed for unblocking of storm water underground pipes in Bela-Bela Town and Township. (Still under procurement process.)

- 68 Mega litres of water purified according to the quality standard.
- 3 sample taken at 3 sample points Drinking Water Quality Sample Analysis
- Draft Water Services Master Plan in place

## **Social and Community Services:**

- 875 learners tested
- 862 Drivers tested
- 662 hand written fines issued
- 10730 speed image captured
- 2274 vehicles registered and licensed
- 197 graves provided as per booking
- 2 cleaning awareness campaigns held

### **Corporate Services:**

- 4 vacancies in top management positions i.e. Municipal Manager (1 month); CFO (14 months); Manager Corporate Services (4 months); and Manager Planning & Economic Development (4 Months).
- Made 6 new appointment and one upgrade
- Implementation of Employment Equity is according plan
- One Awareness workshop on Cascading of PMS (Performance plans for post level 1 -6) held
- Upgraded Telkom Data line

# 3. CURRENT STATUS OF SERVICE DELIVERY PERFORMANCE AGAINST KEY PERFORMANCE INDICATORS AND TARGETS (1st AND 2ND QUARTERLY REPORTS)

The assessment of the performance of SDBIP's is based on the following Key Performance Indicators.

#### 4 PROGRESS ON THE IMPLEMENTATION OF THE CAPITAL PROGRAM 2012/13

#### MIG FUNDED PROJECTS:

During the end of August 2012, the Municipality requested approval from National Treasury for the roll- over of **R 5 125 000.00** from the 2011/2012 allocation to the 2012/2013 financial year.

In our request we had indicated that the full 2011/2012 allocation was committed and that all projects were under construction.

Despite the above said National treasury denied our request and the municipality had to pay back the amount of **R5 125 000.00**.

The amount allocated for 2011/2012 was **R 15 519 000.00** of which we had to pay back **R 5 125 000.00**The actual revised allocation for 2011/2012 was thus **R 10 394 000.00**At the end of December 2012 our expenditure on 2011/2012 projects was **R 15 070 362.00** that represents a **R 4 676 362.00** over expenditure

Suppose that this over expenditure shall be financed from the 2012/2013 allocation which is **R18 824 000.00** Based on the above said our expenditure on 2012/2013 allocation is:

Total allocation R 18 824 000.00

Less: 2011/2012 over expenditure R 4 676 362.00 Less: expenditure on 2012/2013 projects R 6 157 849.00

Less: Payments on X9 from own sources <u>R 1 401 762.00</u> <u>R 12 235 973.00</u> Balance available <u>R 6 588 027.00</u> Our actual expenditure on 2012/2013 allocation is already 65% The available amount of R 6 735 751.00 will most probably be exhausted by the end of March 2013.

The current status of our projects is as follows:

PROJECT	BUDGET	EXPENDITURE	OUTSTANDING	STATUS
2011/2012				
Storm water phase 2	R 1 140 000	R 1 002 367	R 137 633	Construction
Gravelling of streets	R 2 280 000	R 1 705 249	R 574 751	Construction
2012/2013				
Testing Ground	R 6 902 600	R 3 716 643	R 3 185 957	Construction
Road paving Ph 3	R 3 618 942	R 3 441 121	R 177 821	Construction
Bulk services X9	R 5 558 457	R 1 401 762	R 4 156 695	Contractor appointed but not on site yet
Moloto street sport Stadium	R 2 024 000	R 152 076	R 1871924	Tender evaluation stage
PMU	R 935 392	R 448 162	R 487 230	ongoing
TOTAL	R 22 459 391	R 11 867 380	R 10 592 011	

From the table above it is evident that in order for us to implement and complete all our projects, that are currently committed, we will need R 10 592 011.00. this suggest that capital expenditure must be scaled down to the available funding in the adjustments budget.

According to PMU calculations there must be an amount of **R 5 330 456** in the MIG account. Subtract the amount of **R1 401 762** already paid on Bulk services X9 the remaining balance must be **R 3 928 694** 

In March 2013 the last transfer of **R 2 471 019.00** will take place.

This will bring the total available amount to R 6 399 713.00

The shortfall to complete the projects is thus R 6 399 713.00 - R 10 592 011.00 = -R 4 192 298.00

If National Treasury does not repay the R5.1m the Municipality have to reconsider the implementation of projects where the contractor has not been appointed yet (Moloto Sport Stadium) or has not started with construction (Bulk Services X9)

It is noted with concern the slow progress with the capital program especially on own source. The cash flow approved with SDBIP's for the 2012/13 year indicated a projection of 50% by Midyear. On assessment, the program is behind by 36% in relation to the approved cash flows at the beginning of the financial year (also including in year adjustments). Some of the reasons identified for delays in capital program are amongst others:-

- Application of section 20(2) of 2012 DORA read in-line with paragraph 5.5 of MFMA circular 59 by National Treasury to request back R5 200 000. This will have a huge impact on the implementation of Capital Projects, particularly the MIG funded projects.
- Poor forward planning.
- Poor Project Management.
- Unnecessary complications in Supply chain management processes.

With the rate of implementation of own source capital projects, the municipality anticipate to have "roll-overs" into 2013/14 unless departments indicate that projects will be fast tracked and completed by year end. This will automatically mean that an Adjusted Budget and SDBIP must be done. Cash flow projections and detailed project plans must be reviewed to ensure that these timeframes are met.

The following projects were targeted to be done in the 2011/12 financial year but could not be done due to budget constraints/cash flow challenges experienced during the year under review:

- 4X Servers
- Firewall Solution
- Wireless Network Solution
- Bela-Bela Sport Courts
- Sport fields next to Bela-Bela High
- Integrated Waste Management Plan/Environmental Management Plan
- Pienaarsrivier/Masakhane cemetery
- Resealing Streets In CBD
- Refurbish old section WTP
- Cleaning of Storm water open channels
- Cleaning of streets

- Servicing mini-subs (replaced by the purchase of Auto re-closers)
- Township establishment on remainder the farm BELABELA 611KR
- Plotter & Scanner

The other projects subsequently fell in the outer year and will be taken into account in the 2014/15 IDP Processes.

#### 5 PROGRESS ON RESOLVING PROBLEMS IDENTIFIED IN THE 2011/12 ANNUAL REPORT

- In view of the fact that the 2011/12 Annual Report has not yet been dealt with by Council, and consequently is still to be published, it would be premature to consider it for purposes of the assessment (Section 72. (1) (a) (iii) of the MFMA refers).
- 5.2 In lieu of this, a schedule depicting the matters of emphasis raised in the Auditor-General's report on the 2011/12 audit of performance measurement is as follows:
  - The reported performance information was deficient in respect of the following criteria:
    - o Measurability: Indicators are not well-defined and verifiable, and targets are not specific and measurable;
    - o Consistency: The reported objectives, indicators and targets are not consistent with the approved strategic plan/corporate plan/performance plan/integrated development plan.
  - No follow up on targets not met in previous financial year
  - Targets do not comply with the SMART criteria
  - Inadequate quarterly reporting on performance information
  - No supporting documents/evidence on actual results achieved
  - Adoption of the Performance management system

Management addressed these as key challenges as part of its strategic interventions in the 2012/13 IDP Review and SDBIP's.

#### **6** BUDGET PERFORMANCE ANALYSIS (1ST AND 2ND QUARTER - MIDYEAR)

Almost 43.86% of the budgeted operating expenditure of R90 074 984 was spent as at the end of December 2012. Indications are that the budgeted amount will close to a 100% spent as at the end of the 2012/13 financial year, once the adjustments budgets have been effected.

The expenditure on employee related costs is at R5 419 951 which is an indication that there might be a slight underspending at the end of the financial year.

Areas of concern are that the water loss in distribution is still relatively high at %. Furthermore, the outstanding traffic fines is at 18.31%. whilst projections have been conservatively made, an overall forecasted surplus of R11 357 000 before transfers to fund capital is being anticipated. Payment rate is currently at 67.81%.

#### 7 GENERAL OBSERVATIONS

- 1. Determination of Targets in some instances are not aligned to Budget
- 2. Cash flow projections are not aligned to targets in the SDBIP
- 3. Lack of co-ordination between departments and non-alignment of "Actual" in respect of aligned indicators
- 4. Poor project management
- 5. Poorly arranged Supply Chain Management processes in the unit (a serious recommendation for the Unit to be rearranged)
- 6. Poor forward planning
- 7. Low cash collection
- 8. Non implementation of Council resolutions

#### 8 OVERALL COMMENT

- 1. Underperformance in specifically the capital program is impacting negatively on the implementation and rendering of services, and addressing backlogs.
- 2. More alignment between the IDP, PMS and Budget process is encouraged to ensure that planned services is implemented.
- 3. Additional monitoring, evaluation and review at a departmental level is compulsory to encourage adherence to planned programmes.
- 4. Budget and SDBIP Adjustments are recommended for 2012/13 financial year.
- 5. Revenue and SCM Unit be restructured

#### 9. RECOMMENDATIONS OF ACCOUNTING OFFICER

It is recommended as follows:

- 1. That the capital budget be revised downwards to the realistic anticipated revenue.
- 2. That Council deal with the 2011/12 Annual Report and Oversight Report by 31 March 2013
- 3. Institute measures to increase collection rate and reduce outstanding debts

#### **Conditions:**

- -Prioritise residential infrastructure for water, sanitation, refuse removal, street lighting, solid waste, connector and bulk infrastructure, and other municipal infrastructure like roads, in line with the MIG policy framework and/or other government sector policies established before the start of the municipal financial year.
- -Compliance with Chapter 5 of the Municipal Systems Act (200). Infrastructure investment and delivery must be based on an Integrated Development Plan that provides a medium to long-term framework for sustainable human settlements and is in accordance with the principles of the national Spatial Development Perspective.
- -Municipalities must adhere to the labour-intensive construction methods in terms of the Expanded Public Works Programme (EPWP) guidelines.
- -Compliance with the Division of Revenue Act, including additional reporting requirements on spending and projects as approved by National Treasury.

#### **Conditions:**

- -The operating and transfer subsidy is a grant in kind until the effective date of transfer. The operating subsidy (grant-in-kind) will cover staff related costs (HR component), the direct operating and maintenance cost (O component), the refurbishment cost and will facilitate the transfer of schemes.
- -All receiving municipalities and providers will be required to conclude formal transfer agreements where the latest effective date of transfer is 31 march 2008.
- -The necessary capacity must be in place in the receiving institution for the implementation of the conditional grant.
- -2008/09 All transfer agreements concluded. Receiving institutions receive 100 per cent for O & M and HR components.
- -2009/10 2011/12 Incorporation into the local government equitable share.
