## 1. INTRODUCTION

Bela-Bela Local Municipality hereby submits the 2024/2025 Fourth Quarter Organizational Service Delivery and Budget Implementation Plan (SDBIP) Performance Report to Council in terms of Section 52 (d) of the Municipal Finance Management Act (MFMA) No 56 of 2003. This report covers the performance information from 01 April 2025 to 30 June 2025. The report further focuses on the implementation of the 2024/2025 SDBIP in conjunction with the Approved 2024/2025 Annual Budget, in relation to the objectives as summarized in the Approved 2024/2025 Municipality's Integrated Development and Plan (IDP).

This Report reflects actual performance of the Municipality as measured against the performance indicators and targets in its 2024/2025 Integrated Development Plan (IDP), 2024/2025 Annual Budget and 2024/2025 Service Delivery and Budget Implementation Plan (SDBIP). Furthermore, the report depicts the performance of the Municipality as per the five (6) National Government's Strategic key Performance Areas for local government, which are (1) Basic Service Delivery; (2) Local Economic Development; (3) Municipal Institutional Transformation and Development; (4) Municipal Financial Viability and Management, (5) Good Governance and Public Participation, and (6) Spatial Rationale as added.

The format of the report will reflect the Municipality's Key Performance Indicators (KPI) per Municipal Key Performance Area (KPA). Each Key Municipal KPA have number of Municipal Programmes/Key Focus Areas (KFA's) which was deliberately designed by the Bela-Bela Local Municipality to focus its development initiatives in a more coherent and organized manner.

### 1.1 LEGISLATIVE IMPERATIVE

This 2024/2025 Fourth Quarter Performance Report has been compiled in compliance with the requirements of Section 52 (d) of the Local Government: Municipal Finance Management Act No 56 of 2003, which stipulates as follows:

(a) -----

(b) -----

*(c) The Mayor must take all reasonable steps to ensure that the Municipality performance it is constitutional and statutory functions within the limits of the Municipality's approved budget*

*(d) must, within 30 days of the end of each quarter submit a report to Council on the implementation of the approved budget and the financial state of affairs of the Municipality.*

In addition, Regulation 7 (1) of the Local Government: Municipal Planning and Performance Management Regulations, 2001 states that "A Municipality's Performance Management System entails a framework that describes and represents how the municipality's cycle and processes of performance planning, monitoring, measurement, review, reporting and improvement will be conducted, organized and managed, including determining the roles of the different role players." It is therefore in this regard that the Municipality compiled the 2024/2025 Fourth Quarter Organizational Service Delivery and Budget Implementation Plan Performance Report.

## 1.2 THE SERVICE DELIVERY AND BUDGET IMPLEMENTATION PLAN

The Organizational Performance is evaluated by means of a Municipal Scorecard (Top Layer SDBIP) at organizational level and through the Service Delivery, Budget, and Implementation Plan (SDBIP) at departmental levels.

The SDBIP is a plan that converts the IDP and Annual Budget into measurable operational targets on how, where and when the strategies, objectives and normal business process of the municipality is implemented. It also allocates responsibility to Departments and/or Divisions to deliver the services in terms of the IDP and Budget:

The MFMA Circular No.13 prescribes that:

- The IDP and budget must be aligned.
- The budget must address the strategic priorities.
- The SDBIP should indicate what the municipality is going to do during next 12 months; and
- The SDBIP should form the basis for measuring the performance against goals set during the Budget /IDP processes.

The SDBIP was prepared as described in the paragraphs below and approved by the Mayor. The overall assessment of actual performance against targets set for the Key Performance Indicators as documented in the SDBIP is illustrated in terms of the following assessment methodology as depicted in Table 1 below:

**Table 1: Colour Legend**

Colour Legend	Category	Explanation
	KPI Not Yet Measured	KPIs with no Targets or Actual results for the selected period
	KPI Withdrawn	KPI withdrawn for whatsoever reason
	KPI Not Met	Actual vs Target Less than 75%
	KPI Almost Achieved	Actual vs Target between 75% and 99%
	KPI Achieved	Actual vs Target 100% Achieved
	KPI Well Achieved	Actual vs Target More Than 100% and Less Than 149% Achieved
	KPI Extremely Well Achieved	Actual vs Target More Than 150%

## 1.3 PLANNED TARGETS VERSUS THE 2024/2025 FOURTH QUARTER ACTUAL PERFORMANCE AS ALIGNED TO THE NATIONAL KEY PERFORMANCE AREAS

This section of the 2024/2025 Fourth Quarter Performance Report will report on the Municipality's actual performance against the planned targets as derived from the Municipality's IDP. Since the Municipality has aligned its KPAs to the Six (6) National KPA's the Bela-Bela Local Municipality will report as such.

#### 1.4 EXPLANATION ON CALCULATING OF THE 2024/2025 FOURTH QUARTER ACTUAL PERFORMANCES

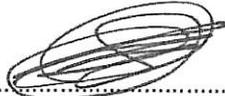

The calculations were done in accordance with the following six (6) Departments within the Municipality, viz:

- a) Office of the Municipal Manager.
  - Internal Audit Unit.
  - Risk Management Unit and
  - Communications and Public Participation
- b) Budget and Treasury.
- c) Corporate Services.
- d) Social and Community Services.
- e) Planning and Economic Development; and
- f) Technical Services

All the percentages under the column on 2024/2025 actual performance were added together per Department and divided by the number of indicators planned to be performed by that Department.

In instances where the 2024/2025 Fourth Quarter Performance Target was any figure other than 100%, the figure indicated as achievement under the column for Actual Performance was then divided by that under the 2024/2025 Fourth Quarter Target Column and multiplied by 100 to get the actual percentage achieved, which is indicated in a bracket in most instances.

The totals from all the Departments were then averaged to arrive at the Organizational Score.
